Subject: Analysis of Ring Camera from 1 Meadows Avenue, Canton MA.

Case: 2022-112-033

1. On January 30, 2022, Trooper DiCicco traveled to 1 Meadows Avenue, Canton, Massachusetts, 02021. The residence belongs to the victim, John O'Keefe. Trooper DiCicco met and spoke with the victim's brother, Paul O'Keefe, and his 13 year old niece who lives at the home. Paul informed Trooper DiCicco there are Ring cameras on the residence at the front door closest to the driveway and also in the driveway above the garage doors.

2. Investigators observed the camera views on the victim's Ring app. The driveway camera shows the victim's driveway, including the area in front of the garage doors. The front door camera captures the area in front of the door closest to the driveway, and the end of the driveway and street in the distance, when motion is detected. From 6:00pm on January 28, 2022 to 6:00am on January 29, 2022, the victim's Ring application shows approximately fifteen events between the two cameras at his residence. The thirteen digit number proceeding the listed events are unique identifiers for the specific video. Ring LLC confirmed the times are accurate to real time.
